13 April 1979

MEMORANDUM FOR: Coordinator for Academic Relations

FROM :
Political Economic Branch
International Issues Division
Office of Political Analysis

SUBJECT : Request to Engage in Informal Consultations
with Faculty and Students at School of
International Affairs, Columbia University

1. I request approval to hold informal discussions on academic and government research and analysis on developed country political-economic issues with students and faculty at the School of International Affairs, Columbia University.

2. Professor Donald Puchala has asked me to visit the school on Thursday, 19 April 1979, to give my reactions to the curriculum of their new degree program in international political economy and to some of their research projects on structural adjustment in OECD countries, as well as to inform students of some government job possibilities in the international political economy field. The discussions will be strictly informal and held in small groups. I will not, of course, disclose any classified information.

3. The cost to the Agency will be my round-trip air fair to New York City and the cost of meals for one day.
